The 3rd Annual Privacy Law Scholars Conference June 3-4, 2010

Hosted by the George Washington University Law School
at the George Washington University Marvin Center
Washington, DC

Berkeley Law School and **The George Washington University Law School** will be holding the third annual Privacy Law Scholars Conference (PLSC) on **June 3-4, 2010**. The PLSC aims to assemble a wide array of privacy law scholars and practitioners from around the world to discuss current issues and foster greater connections between academia and practice. It will bring together privacy law scholars, privacy scholars from other disciplines (economics, philosophy, political science, computer science), and practitioners (industry, legal, advocacy, and government). Our goal is to enhance ties within the privacy law community and to facilitate dialogue between the different parts of that community (academy, government, industry, and public interest).

The PLSC is an annual event, alternating between Berkeley and GW Law Schools. Click below for the websites of:
